# DECLARATION OF SUPPORT FOR ISRAEL

# STRENGTH IN UNITY

INTERNATIONAL

*'For Zion's sake I will not hold My peace, and for Jerusalem's sake I will not rest, until her righteousness goes forth as brightness and her salvation as a lamp that burns' Isaiah 62:1*

**W**e, the International Board of Ebenezer Operation Exodus, along with Ebenezer workers and volunteers in more than 50 nations worldwide, declare our unwavering and united support for the State of Israel, and our unequivocal condemnation of all acts of terrorism perpetrated by Hamas, as well as all recent acts of antisemitism manifested in many nations.

We share the shock, pain, loss, and anguish of the Jewish people both in the land of Israel and in the diaspora at the unfolding horror and brutality carried out by Hamas in civilian neighbourhoods, at a music festival, and throughout southern Israel.

We call on the international media, all nations of the earth and their governments, and all actors in public life to denounce Hamas as a terrorist organization.

We make clear that the terrorist actions of Hamas have no justification, no legitimacy, and must be universally condemned.

We call for the immediate release of all the remaining hostages kidnapped by Hamas and still under captivity.

We support Israel in its right and efforts to defend itself and its people against such atrocities according to humanitarian and international law. Jews in any nation should not fear consequences as a result of actions taken by the State of Israel to defend itself. The governments of nations must do everything in their power to protect Israel's rights.

We condemn comments made by the United Nations Secretary-General in

his speech to the UN Security Council on the 24th of October 2023 where his words seemed to justify attacks by Hamas on Israel. We also condemn the persistent use of double standards by the majority of the nations in the UN in treating the State of Israel in a different way than any other nation in the world.

## WE DECLARE:

1. **God loves** Israel and the Jewish people with His steadfast and permanent love, as proclaimed in *Jeremiah 31:3-9*.
2. **God's covenant** with Abraham and his descendants, as expressed in *Genesis 12:3*, signifies that the peoples and nations who bless Israel, will be blessed by God, and the peoples and nations who curse Israel, will be cursed by God. God gives a severe warning to any nation coming against Jerusalem, in *Zechariah 12:1-9*.
3. **God has made** an eternal covenant with Israel, giving the land of Israel to the Jewish people as their heritage and everlasting homeland. God is faithful and keeps His promises forever (*Genesis 17:7-9; Psalm 105:8-11*).
4. **God calls** all nations and governments to recognize Israel's right to exist, in accordance with *Zechariah 2:8*.
5. **We support** the nation of Israel, and her right to exist in peace, her right to prosper, as well as her right to defend her people against all threats from her enemies.
6. **Therefore, we stand with Israel** for her right to determine the future of the Jewish people, and for her right to defend herself and to live within secure borders.

## We stand with Israel!

**You would have thought that the terror attacks from Gaza last October 7th, the ongoing war with Hamas, and clashes with Hezbollah would have prevented Jews from moving to Israel. For many, it did slow down the process, but many are still coming.**

The exponential rise of anti-Semitic attacks around the globe has meant that many Jewish people now realise that they are safer in Israel than in their nations.

The full-time team and volunteers at Haifa House for new immigrants have kept the house open despite rockets and missiles flying, sirens wailing, and the threat of terrorist attacks. The team has been working to make the building safer. Part of this is building a concrete wall and a new secure door, which will double the size of our bomb shelter.

We also have a growing community around the house. Some who stayed previously ask if they might come to the house as this is where they feel safest. Some of those living around the house do not have bomb shelters and have asked if they can stay in our bomb shelter when the sirens wail.

In Jerusalem, the team has been involved with those being evacuated from around Gaza and from the North of Israel near Lebanon. When this article was written, we still had up to 200,000 evacuees. They were moved into the Dead Sea region and into thirteen hotels in Jerusalem and surrounding areas. Many of these evacuees came with nothing.

We have been working with the Mayor's office in Jerusalem to provide the basics: food, toiletries, children's toys, and more. We also give food cards to those who are very needy.

Thank you to all those who have supported the work here in Jerusalem at this crucial time. Your prayers and financial support carry us through these difficult days.

## Please pray for:

- ✓ The safety of the team and volunteers at Haifa House and the Jerusalem office, as well as their families, especially those family members who are serving in the IDF.
- ✓ Comfort and provision for the thousands of evacuees.
- ✓ Unity in the nation and wisdom for Israel's government.

# FULFILLING GOD’S WILL

UKRAINE

YANYA

**A**t last, Bella smiles and rejoices that she is in Israel and reunited with her children, who, with the help of Ebenezer, returned to Israel by ship more than 20 years ago.

I met Bella many times in her hometown, Bakhmut. We reminded her of God’s will and the need to return to Zion whenever we saw her. She always replied: *“How could I leave? What about my flat? What about the cemetery where my parents lie? I need to earn a pension...”*

When the war broke out in Ukraine, Bella moved to Poltava and stayed with a friend, hoping everything would be over quickly and she would soon return to Bakhmut.

When she could no longer stay with her friend, she called us, and we helped her move but also reminded her that we only assist those who choose to return to Israel. Finding herself in a desperate situation, Bella agreed to leave.

After settling Bella in a safe place, the paperwork process began. We thought she would pass the consular check, as her children’s documents were sufficient when they made *aliyah*. Sadly, 20 years later, Bella’s documents were no longer acceptable.

Stanislav, an Ebenezer representative from Georgia, pulled papers from archives and registries, found witnesses who knew her father, and gave written testimony. Stanislav collected all the necessary

documents that Bella would have spent years gathering. Glory to God!

Retrieving the documents took quite some time, leading Bella to think she could stay in Ukraine after all. She told us again that her flat in Bakhmut needed to be sold, about her family’s graves in the cemetery, and so on.

The next day, Bella heard that her flat, the house, and the cemetery had been destroyed! After losing everything, Bella said: *“Only one place to go now – Israel”*. She finally made *aliyah* just in time to help her disabled son, whose health was declining.

*“I could not have gathered all those documents and covered the expenses. If it wasn’t for you and the war pushing me, I might not have had time to help my son. As you would say, I would not have been able to fulfil God’s will. I will always remember Yanya, Vadim and Stanislav. Thank you very much!”*

**A**нна and her two teenage daughters had planned to move to Israel many times but kept putting off going to the consul. We urged them to leave Ukraine soon and reminded Anna that *aliyah* was God’s will.

Anna finally agreed, and the registration process began. And so began the problems. As they went for a consular check, air raid sirens impeded them from passing as they had to stay in a bomb shelter the whole time. The next time, Anna forgot her Jewish documents. Then, their passports expired. Anna said that since there were so many obstacles, it wasn’t God’s will for them to go to Israel. We replied that it was indeed God’s will for them to return.

Six months later, Anna called: *“Help me with the departure! I don’t have a job, and I don’t know how to go on living!”* Helping with moving out is our ministry, so we helped them with everything they needed.

When we went to pick up the family, the girls were really upset. Their grandmother only aggravated the situation by crying and wailing about the loss of her grandchildren. The girls declared: *“We*

*are not going anywhere! We may be poor, but at least we are at home!”*

Anna was confused. We said we would not help them any more, but the girls finally got into the car. On our way to Lviv, the girls continued to cry and ignore us and their mother.

The following day, we had a long journey to Vinnytsia, where we took the family to an amusement park. The girls went on rides and were laughing and happy. After all, children are children. Praise the Lord, who, through our care, softened their hearts! The girls were no longer silent. Looking at us curiously, they asked, *“What is it like in Israel?”*

They cried again, but because they were leaving us. A couple of weeks later, they all wrote from Israel: *“Thank you, Ebenezer, for being there for us! You have given us a new life, and we are happy!”* Glory to God; we thank Him endlessly for always being with us!

**Please pray for obstacles hindering families from making *aliyah* to be removed.**

# YOU ARE MY WITNESSES

**E**benezer Operation Exodus is an *aliyah* ministry. Over the years, we have arrived at the understanding that for us to be an *aliyah* ministry means:

**Firstly**, that we encourage and assist Jewish people to make *aliyah* – to return to Israel, to become citizens, to be planted and grow roots, to raise a family, to live and to die in Israel.

For many years after the ministry was founded in 1991, we concentrated almost exclusively on helping the Jewish people from the former Soviet Union. Some of the scriptures that Steve Lightle shared with Gustav and Elsa Scheller before the start of Ebenezer explicitly mentioned **the land of the north**:

*"Therefore behold, the days are coming," says the LORD, "that it shall no more be said, 'The LORD lives who brought up the children of Israel from the land of Egypt,' but, 'The LORD lives who brought up the children of Israel from the land of the north and from all the lands where He had driven them.' For I will bring them back into their land which I gave to their fathers."* (Jeremiah 16:14-15).

Most *olim* we help make *aliyah* come from the land of the north. But what a

joy it is to see that we are increasingly helping Jewish people **from all the lands**. They are returning from Australia, India, Ethiopia, Europe, and the Americas.

As believers, we understand that there are different forces which hinder Jewish people from making *aliyah*. There may be historical events when Jews were persecuted, exiled, or killed. There may be emotional or social ties standing in the way. We can say that *aliyah* is contested; there is a spiritual battle going on.

**Secondly**, we understand that we need to engage in prayer and intercession to deal with spiritual blockages – stones must be cleared away to open a road:

*"Go through, go through the gates! Prepare the way for the people; build up, build up the highway! Take out the stones, lift up a banner for the peoples!"* (Isaiah 62:10).

In prayer and intercession, we proclaim the Word of God, confess sins made against the Jewish people, declare God's purposes for them, and come before the LORD on their behalf. Ebenezer is an intercessory *aliyah* ministry.

**Thirdly**, we understand that in the great *aliyah* of several million Jewish people returning to

Israel in the coming years, God will need more than Ebenezer and a few other *aliyah* organisations. He will need the Church. He wants the Church to see the mighty work He is engaged in through the *aliyah* of the Jewish people and the restoration of Israel. God is calling Ebenezer to share the vision and revelation of *aliyah* with the Church. He calls Ebenezer to be His witness that He is the LORD; there is no other God. Ebenezer is a witnessing *aliyah* ministry.

*"You are My witnesses," says the LORD, "and My servant whom I have chosen, that you may know and believe Me, and understand that I am He."* (Isaiah 43:10).

We should pray and encourage the Church to acknowledge and serve the Messiah's twofold mission as expressed in Isaiah: First, the One who regathers and restores Israel, and second, the One who is a light to the Gentiles.

*"Indeed He says, 'It is too small a thing that You should be My Servant to raise up the tribes of Jacob, and to restore the preserved ones of Israel; I will also give You as a light to the Gentiles, that You should be My salvation to the ends of the earth.'"* (Isaiah 49:6).

God's ultimate goal is to glorify His name through His mercy towards Israel and the Church!

God's eternal Word is prophetic in that He speaks to us, individually and corporately, highlighting specific passages and scriptures. The Holy Spirit opens the Scriptures and makes our hearts burn within us. The eternal Word is translated to us at a particular time, in a specific place, for a specific purpose.

Over the years before the nation of Israel was reborn and since then, we see that God has used other people to help establish the nation of Israel and help His people come home. For example, in 1947, in the days and weeks leading up to the UN vote on Israel, Rees Howells and his band of intercessors

at the Bible College of Wales were in constant prayer for the nation of Israel to be restored. There was great joy in the Bible College when the vote was carried.

Ebenezer Operation Exodus is a witnessing, intercessory *aliyah* ministry with a prophetic calling. In 1991, at the International Prayer Conference in Jerusalem in January, amid the First Gulf War, the LORD spoke to Ebenezer's founder Gustav Scheller: "Bring My people home." The work of *aliyah* started with some chartered flights from Europe to Israel. Then, the sailings from Odessa to Haifa operated for over ten years. When the sailings were suspended in 2004, we had the understanding that the LORD would use ships on seas and waterways to bring the Jewish people home once more in the future.

In the meantime, we continue by God's grace and strength to help Jewish people from many nations to come home to Israel by aeroplane.

**Thank you for standing and partnering with us. May God give us all the strength to continue serving Him and bringing glory to His name!**

## KEY WORDS

**Aliyah** is the word for the immigration of Jewish people from the Diaspora to the Land of Israel. The word in Hebrew means ascent and is defined as 'going up' – progressing towards Jerusalem.

**Olim** means Jewish immigrants to Israel – those making *aliyah*. In the singular, a male immigrant is called an **oleh** and a female immigrant an **olah**. Potential olim are those our teams contact and encourage to make *aliyah*.

**Klilah** concerns the absorption of **olim** after they have arrived in Israel. It includes all aspects of integrating into society, including learning Hebrew, finding employment and housing, school enrolment and serving in the Israel Defense Forces (IDF).

## HELPING IN WARSAW

**G**od has blessed us with a trustworthy relationship with the American Jewish Joint Distribution Committee (the JDC), which provides humanitarian aid to Jewish people. The JDC were offering free housing for some of the Ukrainian families who decided to stay in Warsaw from the start of the war in Ukraine.

God has opened the door for us in Warsaw to visit around 30 families and individuals, around 60 people in total, many elderly with children and grandchildren. These families have escaped from Kharkiv and Melitopol.

With the help of Zhanna, a JDC representative, we handed out winter essentials like blankets and warm clothes. They were excited to receive a blanket to keep them warm at night in light of high electricity bills.

A family we know well decided to go back to Kharkiv. Their daughter Yulia and her son Maksym made *aliyah* last July with the help of Ebenezer, but they returned to Poland at the beginning of the war in Israel. This is problematic for Maksym since he's in the fourth generation, and their quick return to Poland meant he lacked

the necessary residency documents. Yulia now needs housing and a job in Poland and is unsure whether her son can return to Israel unless the situation changes.

We are helping a number of families with documents for their *aliyah* applications.

- Galina is gathering all the required documents with her daughter's family.
- Bolislava is waiting for the consul to come to Warsaw because her mother's mental health is unstable, and it is not easy to get her to new places.
- Evgeniya and her son and husband are considering going to Israel. They haven't submitted their documents to the consulate yet and are looking for opportunities in Europe.

**Please pray for the potential *olim* in Poland that:**

- ✓ They will understand God's will to bring His children back home
- ✓ They see themselves planted in the land of Israel
- ✓ Obstacles will be removed
- ✓ Their hope will be restored.

## ACROSS THE RIVER

**“Go through the camp. Tell the people, ‘Get your supplies ready. Three days from now you will go across the River Jordan right here. You will go in and take over the land. The LORD your God is giving it to you as your very own.’” Joshua 1:11**

**S**ome years ago in Israel, I had the privilege to get to know a Holocaust survivor from Germany. He told me how he escaped Nazi Germany and saw his synagogue burning in the so-called *Kristallnacht*\*. He learned about the possibility of coming to Haifa by ship on the Danube River via the Black Sea. These rescue operations using the Danube are not well-known but have saved many young Jewish people.

Before the communist regime fell in the late 1980s, many Christians prayed the scripture from Isaiah 45:2, which mentions iron gates. Interestingly, the place known as “Iron Gate” is part of the Danube River, dividing Romania and Serbia. Only after constructing a large dam in 1972 did this previously dangerous section become safer.

The Danube has been part of an *aliyah* highway, helping Ukrainians to flee into

Romania. We don't know how many Jews used this way to flee Ukraine when the war started in February 2022, but it is interesting to see the importance of rivers, especially the Danube.

Some of the largest and oldest Jewish communities in Europe have their historic roots along this route. Probably the largest today is in Budapest, where Ebenezer has started to help some *olim* in their *aliyah*. Although we don't currently see the Danube playing a significant role in *aliyah*, we have learnt that *aliyah* routes may change quickly and that a river can be a hindrance, especially during a war, but also a possible escape route.

In the West, we are so used to good roads, bridges, and tunnels that we have forgotten the challenges of transport. But especially since the Russian attack against Ukraine, we have seen the critical role rivers and mountains play.

We don't know if or when the Danube and the Black Sea will be used again for *aliyah*. Nevertheless, we encourage you to pray for the many Jewish people living around this river. May they return home, whatever the way of transport may be!

FRANCE

PRAYER

FRANÇOIS LABAN  
CHAIRMAN EBENEZER FRANCE

Last December, I had the privilege of accompanying 11 Jewish people from France on their *aliyah* flight to Israel.

On the plane, I sat next to a man who was travelling with his wife and four children to attend a funeral and a wedding. His wife's brother, who had lived in Israel for a long time and who had often encouraged them to make *aliyah*, died in battle at the start of the war against Hamas. Since then, they'd been thinking things over and have decided to make *aliyah* this spring.

After we landed, I was welcomed by Tehila, who made *aliyah* from Germany six years ago and now works at the Jewish Agency. She showed me the offices of the Ministry of Immigrant Absorption, where the new *olim* received a provisional identity card. They were moved by this concrete demonstration of their new identity as citizens of Israel.

I told them how happy I was to see them arrive in Israel, about Ebenezer's work in France, and the help with *aliyah* we could offer their relatives back home. They were all touched and took the contact details.

I met Margalite, who made *aliyah* from Morocco 23 years ago, at the Global Aliyah Center in Jerusalem. Arielle, the centre's manager, said: "This is the very heart of *aliyah*". There, all *aliyah* files from all over the world are processed with operators answering phone calls in multiple languages. The conflict in Ukraine has already been an administrative challenge, but they are aware that current events will undoubtedly cause *aliyah* to grow like never before.

Arielle mentioned that France was currently their biggest concern due to the rise in anti-Semitism. They seemed grateful for the support of at least some Christians around the world and for Ebenezer's commitment to *aliyah*.

On Friday, I visited the Haifa House and enjoyed a Shabbat meal with the team and *olim*. As it was Hanukkah, they lit the third candle together. Hanukkah took on a special meaning last year. They know that the One who manifested Himself in the miracle of the oil at the time of the Maccabees is the same One at work today to bring light to His people in the midst of darkness.

Nearly 500 years ago, Sephardic Jews\* travelled through the countries of the Iberian Peninsula, fleeing from the persecution of the Inquisition, looking to the West as a place of refuge where they could preserve their Jewish faith.

Hosea prophesied about the *aliyah* from the west: "For someday the people will follow me. I, the Lord, will roar like a lion. And when I roar, my people will return trembling from the west." (Hosea 11:12). This scripture was confirmed when a team in Marseille, France, prayed during the prayer initiative 'Highways to Life'.

Ebenezer prayer partners and leaders met at the beginning of October in Lisbon, Portugal, to pray over the highway that extends from Rome to Lisbon. We looked for the "road signs and guideposts" (Jeremiah 31:21) and travelled back towards Rome.

We drove for 12 days across Portugal, Spain, France and Italy. We met with local Ebenezer supporters in ports, city gates, and capitals to pray and release declarations of confession and repentance as ordained in Isaiah 62:10. The *aliyah* highway was being cleansed from the curses of the sins committed by the Inquisitions during the persecutions of the Sephardic Jews from the 1300s to late 1800s.

The Lord went before us, and we experienced unity and fellowship with the Lord in a mighty way. We understood our task was to remain humble and meek. As we obeyed, He faithfully provided the necessary breakthroughs to remove the boulders hindering *aliyah* from the West.

The Holy Spirit gave words and revelations and confirmed that now is the time for these nations to arise and fulfil their call in the Lord's plan of restoring His people as written in Obadiah: "The exiles from Jerusalem who are in Sepharad will possess the towns of the Negev." (Obadiah 1:20).

The Lord is at work. The fruit of the prayers and declarations will testify of His great Name, and we have confidence in the Lord that He will restore this *aliyah* highway.

# LIGHT DEFEATS DARKNESS

ISRAEL

**“Light defeats darkness” — this had a very special meaning for us last year as we celebrated Hanukkah at the Haifa House for olim.**

JUDITH VINAPEL  
EBENEZER ISRAEL

We had a very long table, lots of Hanukkah lights, food, and a lovely group of new and not-so-new olim. Some are currently staying with us, and some stayed with us before and came back for the celebrations.

A wonderful *oleh* and father of three shared during the lighting of the lights

Top: Markus, Haifa House Manager, centre, celebrating Hanukkah with olim residents.

how special and what a true miracle it was that after thousands of years of persecution and in light of the current war, the Jewish people were back in Israel. *Olim* are lighting the candles like they saw their fathers do, and they are teaching their children for the next generations to come.

He continued: *“Our forefathers kept these traditions for many years and now it is our turn and our responsibility to celebrate our Jewish feasts and remember G-d’s faithfulness and promises for us and for this land. Many powers have tried to wipe us off the map, and Hamas is trying to do the same now, but we are back, and we are here to stay. We are the generation that has the privilege to celebrate Hanukkah back in the land of Israel. All of us made aliyah recently, so we are all part of the miracle that the holy writings talked about. Ebenezer, through helping us and celebrating with us, is very much a part of this miracle, too. Am Israel Chai!”*

What a privilege to see and celebrate God’s promises being fulfilled literally in front of our eyes. Having a part in this is very humbling and fills us with the greatest joy! If you want to be part of the miracle in Haifa, you are welcome to come and help!
